SUBMISSION OF CORRECTED DRAWINGS

Sir:

Applicant acknowledges receipt of the Supplemental Notice of Allowability mailed September 15, 2005 for the referenced application .

In response to the Notice of Allowability mailed June 28, 2005, Applicant encloses thirty-eight corrected drawings ("as replacement sheets") for Figures 2 – 8, and 10-40. Although Applicant is aware of the drawing requirements under 37 C.F.R. §1.84(m) regarding solid black shading, Applicant respectfully asserts that the disc packs illustrated in Figures 13-14, 16, and 19-22 contain individual discs that are sufficiently close that when viewed from the distance and angle of those figures, the disk packs give an appearance of being solid, even though they are in fact illustrated as a series of rectangles. Thus, in compliance with Applicant's requirements under 35 U.S.C. §112, applicant has illustrated the disc packs as shown in the replacement sheets, and Applicant kindly requests acceptance of the replacement sheets.

Respectfully submitted,

James E. Goepel
